

# PUBLICATION PACKAGES

For the Behavioural Sciences at Leiden University

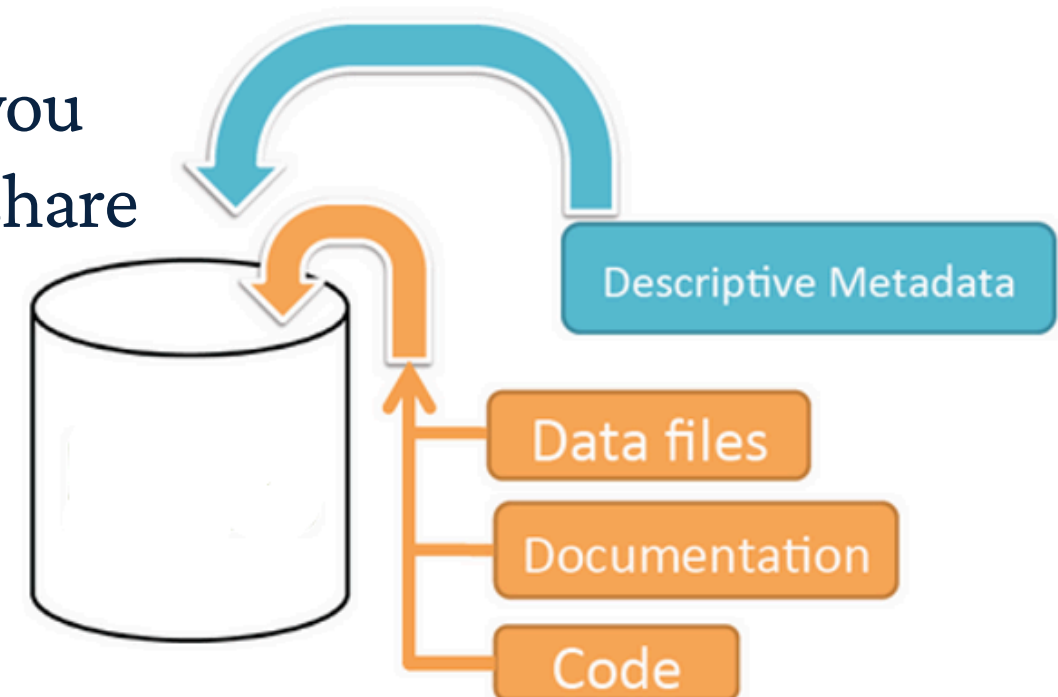

= Everything necessary to:

- **Reuse your data**
- **Reproduce your statistical results**
- **Replicate your experiments**

Bundled in an organized manner, with documentation, and anonymized to protect the participants' privacy.

- 1) Preprint or paper
- 2) Materials, instructions, procedures
- 3) Raw data
- 4) Computer code for data processing & analyses
- 5) Processed data
- 6) Data management plan
- 7) README file (metadata, gives context to your dataset)
- 8) Approved ethics protocol
- 9) Preregistration

\*Only what you have and can share

Not sure what a README or metadata is?  
No problem, just use our template  
in the instructions document.

**Instructions:**
